biography

A voyage through uplifting melodies and hypnotic grooves, Julya's music tells what words cannot...

Emerging from the pulse of Brooklyn's underground, Julya Karma has quickly established herself as a force that refuses to be defined. Known for her dynamic selections and infectious energy behind the decks, she has been invited to dancefloors worldwide, including Coachella, Cercle, Lost Village, Innervisions, The Brooklyn Mirage, DGTL, Time Warp, Audio Obscura, Afterlife, and Mayan Warrior, appearing alongside legends like Adriatique, Laurent Garnier, Dixon, Ame, Rūfūs du Sol, and Sven Väth.

Julya's influences stem from learning classical piano at the age of 6, and from her early exposure to indie and psychedelic rock, jazz, and traditional Middle Eastern music. These diverse influences combined with her music curating obsession translate into her captivating DJ sets. Inspired by music's ability to transport us beyond the ordinary, Julya creates experiences that awaken something primal, connecting us to the beautiful complexity of existence.
