biography

Franziska Berns was born near Offenbach am Main, Germany. Its proximity to Frankfurt became her gateway into the world of electronic music. Her journey began working at Freebase Records Shop, where her passion for DJing flourished and she quickly connected with the local scene. Starting her own event series at several Clubs in Rhein Main area, her drive and perseverance earned her a residency at Robert Johnson Club in Offenbach.

Guiding clubbers through rare record findings and fun selections, Franziska's distinct style has been described by Resident Advisor as "ranging from minimal breaks to clever and funky techno". Currently based in Berlin, her DJ career has continued to flourish, taking her to iconic venues and parties across Europe such as Berghain / Panorama Bar in Berlin, Breakfast Club in Amsterdam, Butik in Slovenia, Waking Life in Portugal, and Lost Village in the UK.
