biography

Dan Shake is a DJ and producer who brings serious music knowledge with a light touch. His genre-hopping sets—spanning anything from speed garage to samba—are grounded in groove, driven by instinct, and always delivered with a sense of fun.

His journey began with a now well-known moment: handing a demo to Moodymann, who welcomed him into the Mahogany Music fold as its first non-Detroit signing. It was an early co-sign that spoke volumes, and Dan's path since has felt both natural and distinctive—marked by consistency, taste, and a feel for the floor.

Now a familiar face on some of the most respected line-ups in electronic music, he thrives on variety—moving between sweaty basements, sunrise slots and everything in between, while always keeping energy locked to dancers surrounding him.

With new music on the horizon and a packed touring schedule, Dan Shake continues to do things his own way—connecting with dancers, not algorithms, and proving that being fun and being serious aren't mutually exclusive.
