biography

Riria is a Tokyo-born, London-based DJ with a natural connection to the dance floor. Growing up immersed in Tokyo's club scene, she developed a style rooted in UK sounds that has rapidly seen her become one of the most vital voices in the global bass scene. Her 2024 Boiler Room set catapulted her to international stardom, amassing nearly 5 million views and proving her unique ability to turn underground tracks into viral sensations.

Her selections are unpredictable but always hit the mark—where UKG, Amapiano, Jersey Club, and Dub mix smoothly with commercial hits, cult classics, and underground gems. Following her recognition as one of Mixmag's "Top Breakthrough DJs" of 2025, she was recently hailed as a new "bass torchbearer" for her ability to blend different eras and scenes in a way that feels both effortless and fresh.

As a resident on Rinse FM since 2025, Riria's trajectory has seen her transition from Tokyo's cult venues to performing at world-renowned venues like Alexander Palace (London), Amnesia (Ibiza), and Nitsa (Barcelona). From the main stages of Glastonbury, Sónar, and ADE to high-energy dancefloors across the globe, her sets remain all about momentum and good vibes, ensuring that fun is always the priority.
